AUTHOR INFORMATION

- ☐ First name *(mandatory)*
EasyChair will list the person entering the information for the design as the "Author". At least 3 words - one word per line - that describe your submission. This is a requirement of EasyChair we cannot change. Thanks for your cooperation!
- ☐ Runway Description *(mandatory)*
Descriptive content to help the script writer describe your design when it's on the runway. Include anything that is meaningful to the design such as why you selected the title that you did; if there is something unique about how the materials were acquired or who owned them before, etc. You are welcome to go the extra mile and provide a full description, but please note that it may still be modified to fit the tone of the show and the length of description used for all designs on the runway.

DESIGN INFORMATION (continued)

- ☐ Is your design Trashion, Refashion or Both? *(mandatory)*
Trashion is the result of creatively turning discarded items not intended to be worn as clothing into fashion. Refashion is the result of transforming materials normally worn as clothing from their initial intended purpose or design into something new and different. For example, a group of neckties becomes a dress; a pair of pants becomes a cape, etc. Many designs include elements of both trashion and refashion.
